PROFILE

Junior Frontend Developer with a strong foundation in React and Next.js, experienced in creating responsive, user-focused web applications. Knowledgeable in backend integration with Laravel, RESTful APIs, and modern UI frameworks like Tailwind CSS. Fast learner with strong problem-solving skills, eager to grow within collaborative teams and contribute to impactful digital products.

EDUCATION

Bachelor's <i>El-Shrouk Academy</i>	08/2023 Cairo
Professional full stack diploma YAT	01/2021 Cairo

PROJECTS

LMS

Graduation Project, 2023

Developed a full-featured web-based learning management system supporting course creation, user roles, authentication, and progress tracking.

Situation Awareness Map

Personal, 2024

Created a real-time mapping application for tracking aircraft, previewing geolocated news, and integrating SDR tower data.

Air Coordinates Table

Personal, 2024

Implemented algorithms to calculate the nearest SDR station and determine optimal antenna angle for maximum signal quality from aircraft.

SKIP-EG

Personal, 2025

SKIP is a modern, responsive e-commerce website showcasing premium casual wear with a focus on comfort, style, and quality. The platform features an elegant design that reflects the brand's philosophy of "thinking globally while wearing locally."

Portfolio

Personal, 2025

A responsive portfolio website showcasing my projects and skills. Built with modern web technologies and optimized for performance and SEO.
